React.js Front-End Developer Intern-AUROSKKIL, Kharadi, Pune

Dec 2025 – Feb 2026

- Designed and developed responsive web interfaces using React.js, HTML5, CSS3, and JavaScript.
- Built reusable UI components with clean, modular code.
- Collaborated with the backend team on API integration.
- Participated in code reviews and performance optimization.
- Consistently delivered assigned tasks within deadlines.

Web Development Intern- ShreeRam Tech Solutions Pvt. Ltd., Latur

Feb 2026 – Present (4 Months)

- Developed and maintained websites using WordPress, HTML, CSS, and JavaScript.
- Worked with PHP and MySQL for backend development and SEO optimization.
- Built e-commerce websites and handled Node.js-based projects.
- Applied AI-assisted coding tools to improve development efficiency.
- Delivered live client projects from planning through deployment.

PROJECTS

IronFit Gym — Gym Management Web Application (HTML, CSS, JavaScript, PHP, MySQL)

Full-stack gym management system to manage members, trainers, attendance, memberships, workout plans and reports through a centralized dashboard. Features secure authentication, real-time attendance tracking, a responsive UI, and scalable multi-branch management.

Vegetable Store Management System (HTML, CSS, JavaScript, MySQL)

Web-based application for managing products, sales, and CRUD operations.

Hospital Management System (HTML, CSS, JavaScript, MySQL)

Application for managing patient records and hospital operations.

Agriculture Helper *(HTML, CSS, JavaScript, Python, Django)*

A farmer-assistance web application that lists various crops and displays live/updated seed rates, helping users track current market prices for seeds. Built with Django on the backend for data handling and a responsive HTML/CSS/JavaScript front end.
